

Kelly Hoppen’s special edition Union Jack trunk

Kelly Hoppen MBE and Four Hands announce the launch of a special edition trunk with Union Jack flag-inspired design on the front.

This is the latest design to be added to the already hugely successful vintage inspired collection. “I am deeply proud to be British and I designed this trunk to demonstrate British heritage. With the royal wedding this year it expresses the way in which Britain is a proud nation”.

This trunk comes in Hoppen’s signature taupe leather with Union Jack motif.

It was showcased at two important trade shows for the European launch. First debuting at Maison & Objet in Paris then at NEC in Birmingham. It was then presented to the Asian market at the IFFS fair in Singapore, 9th-12th March 2011.
